

ESR institutional member societies (national societies) are cordially invited to apply for an ESOR Visiting Professorship Programme. The ESOR Visiting Professorship Programme are one-day educational activities delivered by three European faculty members taking place in connection with national or regional radiological meetings. The respective topics are chosen by the inviting societies. The Visiting Professorships aim to improve access to Radiological training and educational resources for aspiring physicians and scientists in less affluent regions in Europe, with the goal of ensuring better healthcare for future generations in these regions.

Please submit your application no later than June 15, 2024 to: esor@myesr.org
